

NON-BINDING REFERENCE AGREEMENT

IMPORTANT: DEMO ONLY - NO LEGAL EFFECT

THIS NON-BINDING REFERENCE AGREEMENT is made effective upon the date of the final digital signature below, by and between:

payerName ("Payer")

payeeName ("Payee")

0. DEMONSTRATION ONLY / NO INTENT TO CREATE LEGAL RELATIONS

This reference agreement demonstrates protocol mechanics only.

The parties do not intend to create legal relations or any legally enforceable obligations by signing or executing this document.

No court, arbitration, or other tribunal proceeding may be brought to enforce any term of this reference agreement.

1. DEMO SCOPE

Any request, response, approval, or payment action exchanged between the parties is optional and included only to demonstrate application and protocol behavior.

Nothing in this reference agreement creates:

- any obligation to provide goods or services,
- any duty to negotiate future terms,
- any ongoing business, advisory, fiduciary, partnership, employment, or agency relationship.

2. TOKEN TRANSFER DEMONSTRATION

2.1 Optional Demo Transfer

The payer may choose to submit an optional token transfer solely to experience the protocol mechanics.

This transfer:

- is not consideration for goods or services,
- is not compensation,

- does not create any obligation for the payee to provide anything of value.

2.2 Demo Amount

An amount equal to:

`paymentAmount` `tokenSymbol`

Token Contract:

`workTokenAddress`

(the "Demo Amount").

2.3 On-Chain Transfer Mechanics

If the payer elects to proceed:

- (a) **Authorization.** The payer will approve the protocol smart contract to spend the Demo Amount from their wallet.
- (b) **Execution.** Upon the relevant cryptographic signature, the protocol may execute a `transferFrom` transaction moving the Demo Amount directly to the payee wallet defined at signing (`payeeEthAddress`).
- (c) **No Escrow.** Funds are transferred immediately upon the relevant on-chain state transition and are not held in escrow.
- (d) **Irreversibility Acknowledgement.** Blockchain transfers may be irreversible and subject to network or smart contract risks.

3. DISCLAIMERS

3.1 No Legal, Tax, Financial, or Investment Advice

This template is provided as reference-app sample content only and does not provide legal, tax, financial, investment, or professional advice.

3.2 As-Is Sample

This template is provided "as is" with no warranties of any kind. Users should obtain appropriate professional advice before adapting any agreement for real-world use.

3.3 No Governing Law

Because this reference agreement is not intended to have legal effect, it has no governing law.

The parties acknowledge that any execution mechanics or state transitions associated with this reference agreement occur on the Ethereum Virtual Machine.

IN WITNESS WHEREOF, the parties have executed this reference agreement by their cryptographic signatures.
